What is Travel Connect?

- A pre/post routing solution managed and guaranteed by Resaneo
- A safe and consistent transport alternative
- A simple way to optimize load factors

By fear or lack of experience, many travelers avoid combining flights by themselves. Instead, they secure their journeys by opting for train or car itineraries to main airports.

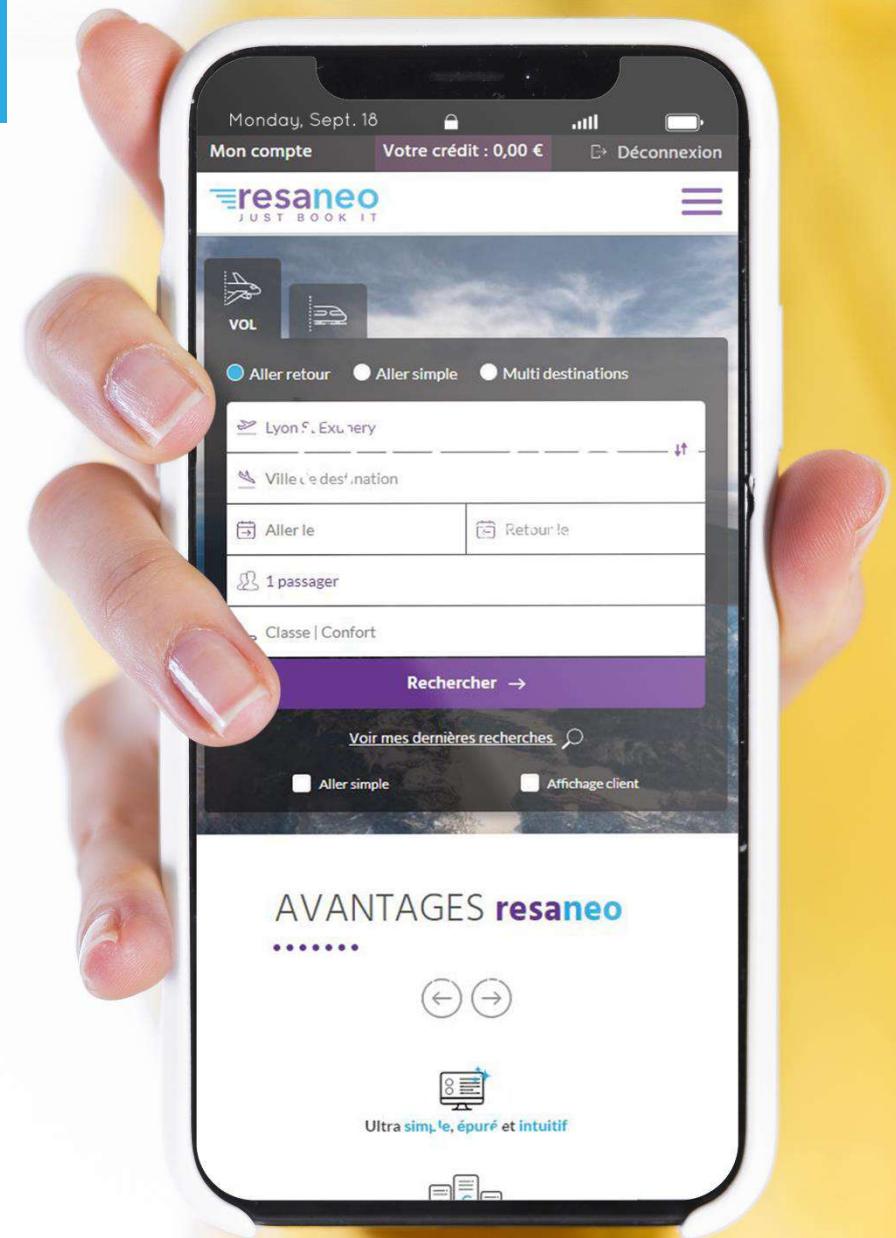

Travel Connect is the self-connecting solution developed by Resaneo for airlines. It enables airlines to connect their flights to those of other airlines.

Feeder or Feeded, it's always the loads that benefit!

10 reasons to choose Travel Connect

- 1 Free integration and maintenance for airlines,
- 2 Connections possible by plane or by train.
- 3 OSI: associated flight data available on PNR.
- 4 A customized and dedicated sales channel (*)
- 5 Selection by the partner airline of itineraries and associated carriers
- 6 Full passenger care in the event of a missed connection.
- 7 Dedicated emergency number available 24/7
- 8 database ownership Guaranteed.
- 9 Monthly reports: bookings and performances.
- 10 Support of the trade on new routes.

(*): Search results only show itineraries possible with your flights.

Integration

Integration

1

Simple white-label integration :

2 methods:

- A simple cross-reference link added to the main menu of the airline's website.
- Integration of the new points of departure/arrival directly into the airline's booking engine.

2

Switches to the dedicated website with prior user consent.

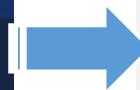

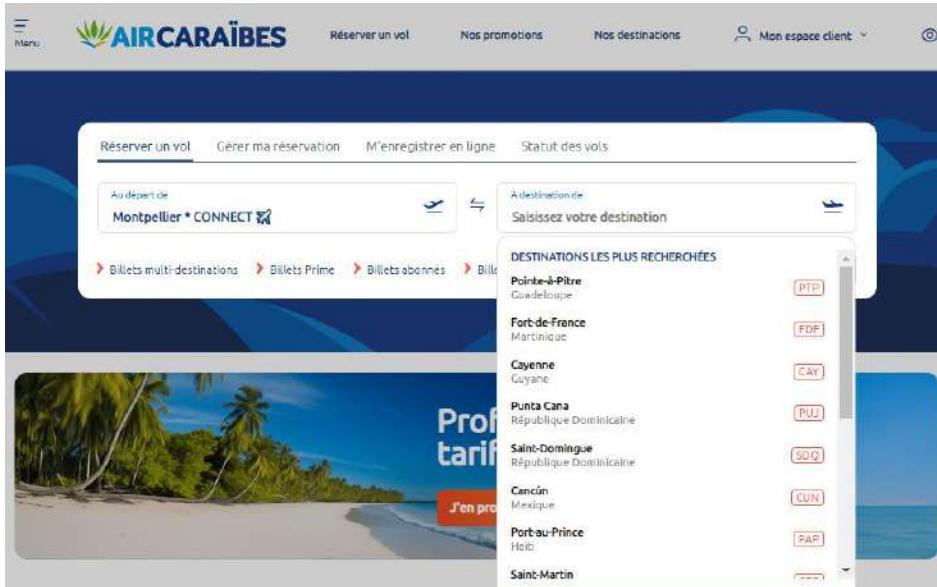

3

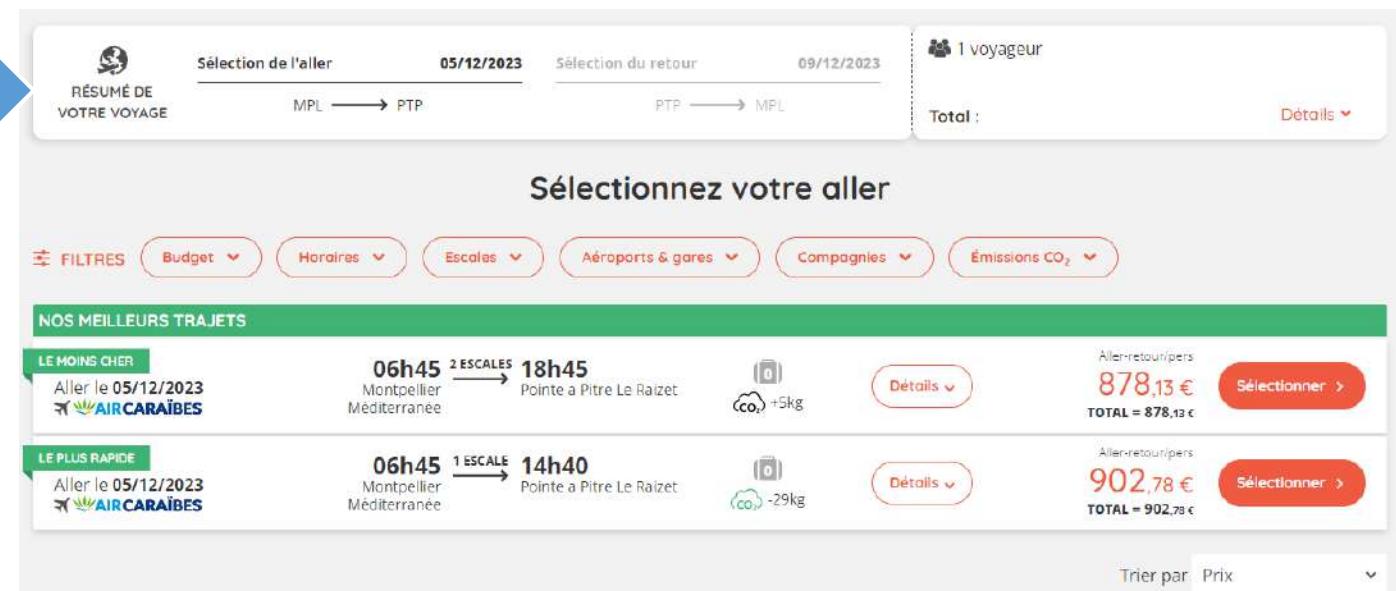

Sales channel dedicated to the partner airline's flights.

A dedicated sales channel

Only the airline's flights are offered!
